

Recycling "Miscellaneous Paper"

~"Miscellaneous paper" is a precious resource~

Help recycle "Miscellaneous paper"

Nagaizumi town collects "miscellaneous paper" as recyclables as part of its efforts to reduce combustible garbage and to promote the effective utilization of resources. Currently, paper waste accounts for approximately 60% of combustible waste produced in our town. If we can avoid the incineration of "miscellaneous paper" and recycle them as paper resources, we will be able to greatly reduce the total amount of incinerated waste. This will lead to cutting down on incineration costs, prolonging the longevity of incineration facilities, as well as contribute to stopping global warming by reducing the emission of CO2. Please join our efforts by disposing of "miscellaneous paper" as recyclables.

Papers that can be disposed as miscellaneous paper

Paper packaging and paper products with a  mark.

*Extremely dirty paper and vinyl-coated paper cannot be disposed as "miscellaneous paper" ⇒ remove and dispose as combustible garbage.

Not miscellaneous paper ⇒ Dispose as combustible garbage.

How to Dispose

Bundle by tying up the stack both horizontally and vertically using paper strings. Paper boxes (tissue boxes, candy boxes, etc.), wrapping paper, paper bags, notebooks, pamphlets, copy paper, calendars, etc. may be bundled together with magazines)

"Miscellaneous paper" that cannot be bundled together with magazines should be stored in a paper bag with paper handles. Place out when bag is full, tying the top closed or vertically tying up the entire bag using paper strings.

Not all papers can be disposed as "miscellaneous paper".

* See p.25-26 for a list of "miscellaneous paper" items in Japanese alphabetical order.
